Pride of ownership shows in this beautiful site built home, located amongst towering pines in a private park like setting. Situated on a large 2 acre corner lot, the home has 2 bdrms, 2 baths, large loft, vaulted ceilings & a gas fireplace. Front & rear spacious fully covered Trex decks overlooking a manicured yard & lawns are a huge bonus! Another added bonus is the guest casita in the oversized 2 car garage!! There is a large pipe fenced horse turnout with 3 additional 20"x20" partially covered pipe stalls. The garage has an additional rear garage door for hay/feed & tack storage and access. The property also has one full and one partial RV hookup for your guests. Property is on a shared well with only 1 other neighbor and no HOA. Furnished & ready to enjoy- this is a must see!!
